

```
Box.prototype.zipWith = function (other, f) {  
  return this.flatMap(function (x) {  
    return other.map(function (y) {  
      return f(x, y);  
    });  
  });  
}
```

```
Stream.prototype.debounce = function (delay) {  
  return this.flatMapLast(function (value) {  
    return Stream.later(delay, value);  
  });  
}
```
