```javascript
var mousePos = mousePosition.skipDuplicates();

var uniqClicks = buttonClicks.skipDuplicates();

var uniqData = dataForm
  .skipDuplicates()
  .flatMap(function (params) {
    return Stream.fromPromise($.ajax(params));
  });
```

```
Box.prototype.sampledBy = function (sampler) {
  var that = this;
  return sampler.flatMap(function () {
    return that.take(1);
  });
}
```
